## RE: CPF Efile Enhancements

Dear Claimants' Counsel:

The CPF Efile website has enhanced functionality, providing users with additional tools to efficiently manage their claim inventory. You may now electronically cure deficiencies for claims submitted either online or by mail. You may also view, print and download offers and releases issued after August 1, 2005.

For assistance in using the new functionality, an Efile users guide is available to you online at [www.cpf-inc.com](http://www.cpf-inc.com). If you would prefer a live online demonstration of this added functionality, please contact Teena Mandele at (630) 301-7601 to arrange a convenient meeting time.

If your firm is not already Efile enabled and taking advantage of the many online features available (submit claims, run claim reports, upload documents, cure deficiencies, and view, print or download offers and releases), you may do so by returning a signed copy of the electronic filer agreement (EFA) to the CPF. For your convenience, an online version may be downloaded from the CPF website, [www.cpf-inc.com](http://www.cpf-inc.com). If your firm has already returned an EFA and wants to view offers and releases online, you must request, in writing to the CPF, that this feature be enabled for your firm.

If you have any questions regarding this matter, please contact the Efile Help Desk at (888) 273-3345.

Sincerely,
