IMPORTANT MESSAGE REGARDING CPF E-FILE DRAFT "SAVED STATUS" CLAIMS

Dear Claimant's Counsel and Staff:

Over the past several months the CPF, in conjunction with our E-File consultants at ARPC, has been developing a new electronic filing and claims management system for law firms. The new CPF E-File system will provide a more user-friendly interface, claim editing, Web Services, and enhanced reporting. We anticipate a roll-out of the new E-File system by the end of November. Prior to the "Go Live" date, we will send written notice and post on the website more specific details and instructions regarding the new CPF E-File system and information regarding the roll-out.

Please note that, as we prepare to replace the existing CPF E-File system, it is imperative that each E-File enabled law firm logon to their current accounts and review in the existing CPF E-File system any inventory of draft "SAVED STATUS" claims for the Eagle-Picher Personal Injury Settlement Trust ("EPI"), the Keene Creditors Trust ("Keene") or the Raytech Corporation Asbestos Personal Injury Settlement Trust ("Raytech").

All claims that are currently in "SAVED STATUS" are not considered filed with the applicable Trust until the claims have been SUBMITTED to the CPF. Therefore, any "SAVED STATUS" claims remaining in the current CPF E-File system will be lost and cannot be retrieved when the current E-File system is shut-off and the new E-File system is live. To access the "SAVED STATUS" claims, logon to the CPF E-File website and select the applicable Trust and then "Saved Claims. Please submit or remove draft "SAVED STATUS" claims from your account as soon as possible.

We are currently testing the new system and at this time do not anticipate any service interruptions and intend to maintain your current logon user names and passwords upon the transition to the new E-File system. If you have any questions, please contact Melanie Impastato (630.281.6522) melanie.impastato@cpf-inc.com or Teena Mandele (630.281.6501) teena.mandele@cpf-inc.com at the CPF.

Sincerely,

Teena M. Mandele
